2022 Member Directory: Your first source for contacts in the nursery and landscape industry.

Use the Nursery Crop Growers Resource Listing (yellow pages) to source quality, prairie-hardy trees, shrubs, and perennials. This section includes maps showing the location of member growers in Alberta.

See our Member Listings and Supplier sections to find member businesses that provide services and products for the landscape industry in Alberta: landscape contractors in design, construction and maintenance; arborists; retails garden centres; tree nurseries; and sod producers. You can also find distributors of equipment, wholesale landscape products and business services.

MEMBER BENEFITS

Landscape Alberta is dedicated to supporting the landscape horticulture industry in Alberta. No matter what sector of the industry you are in, we have programs and services that will benefit you and your business.

1. Financial Benefits

Members have access to money saving programs provided through the Canadian Nursery Landscape Association (CNLA) which include discounts on vehicle and equipment purchases, industry training, work apparel and much more.

2. Professional Development

Landscape Alberta contributes to the development and professionalism of the industry in Alberta. We are involved with the Landscape Horticulturist Apprenticeship Program, Landscape Horticulture Certified program, and On-the-Job-Training.

3. Educational Opportunities & Networking

Landscape Alberta hosts conferences, workshops and seminars throughout the year to ensure members have opportunities to keep up-to-date with industry and business issues.

4. Promotion & Marketing

Landscape Alberta promotes member businesses through our online membership directory and through our referral service. Sponsorship opportunities are also available for our many events and publications.

5. Industry Voice & Advocacy

An important role of our association is to ensure that your concerns regarding industry issues are presented to government, media and the public.

For more information on membership with Landscape Alberta, or if you have any questions about the association, email member.services@landscape-alberta.com.

Notes

On-the-Job TRAINING

On-the-Job. That is where most of the learning in our industry happens, every day, on-the-job, working side-by-side with a more experienced or knowledgable person.

The On-the-job training (OJT) system was designed to help employers in the landscape sector to train employees in a consistent and effective way.

Offered as a train-the-trainer workshop, this method is designed to focus on how most people learn - On-the-Job! It is simple in design, practical to use and provides employers with a safe and standardized approach to training. By improving how we train, we increase the quality, speed and efficiency of your efforts.

For more information, contact Joel Beatson at the Landscape Alberta office at 1-800-378-3198 or email joel.beatson@landscape-alberta.com.

Notes

GOOD NEWS: IT'S WINTER.

Celebrate winter with John Deere skid steers and compact wheel loaders from Brandt and get the equipment your operation needs to stay productive.

Increased Productivity

Deere's Articulation Plus™ steering system enables operators to make tight turns with large loads.

More Uptime

Deere skid steers have better fuel capacity, serviceability, and more, outperforming competing models.

Greater Versatility

Hard To The Core Brandt buckets and bale spears help you get the most from your machines.

Notes

Your Assurance of Quality Nursery Products!

Clean Plants Certified nurseries have:

- Phytosanitary systems in place to help protect against foreign invasive species and pests.
- Provided evidence that they have exercised due diligence in preventing the movement of quarantine and regulated pests.
- Implemented trace-back and trace-forward systems which will be critical in the event a quarantine or regulated pest is discovered in an area.

More information on this program is available at
www.cleanplants.ca
